3rd June 2010

Dr. Lanka Mahesh
Dept of Dental Surgery
Modi Hospital
New Delhi

Dear Sir,

32nd Asia Pacific Dental Congress 2010

On behalf of the Local Organizing Committee of the Asia Pacific Dental Congress (APDC) and the Council of the Sri Lanka Dental Association, I wish to place on record my heartfelt and sincere thanks to you for being a Guest speaker at the 32nd APDC 2010 and making it a reality.

It was indeed a historic event, for the country and for our Association and was a grand success despite the obstacles we faced.

We had a participation of over 1000 Dental surgeons from all parts of world, 700 of who were from Sri Lanka. This is the highest participation ever, recorded at any dental meeting in this country

The Scientific program was a grand success as we had the participation of over 50 International and local Guest Speakers, and, had five APDC Commission meetings on Oral Disease, General Dental Practice, Public Health, Dental Education and the Military respectively. In addition to the scientific program, more than 100 research papers and posters were presented by the scientists engaged in dental research.

We also had two Unilever Symposia which were thought-provoking for the participants, and eleven pre- and post- Congress workshops, all of which were well attended.

The Dental Trade Exhibition had over 50 stalls by Dental Manufacturers and dealers from various parts of the world which brought new technology to Sri Lanka.

The Sri Lanka Dental Association's primary objective is to provide the Dental Surgeons of this country with Continuing Dental Education and this year; this Conference enabled us to achieve this objective. Once again we thank you for your excellent support in this endeavour and wish you all the best.

Thank you
yours sincerely

Dr Farhim Jameel
President
Sri Lanka Dental Association

Dr A M Attygalla
Chairman Scientific Programme
Asia Pacific Dental Congress
